

MESSAGE FROM THE CHAIRMAN

The PMPASKL organizes this Annual Scientific Congress to keep the members and private medical practitioners abreast and updated on the finer points of medical practice.

The Annual Scientific Congress 2023 will be a fully face-to-face meeting so as to provide a forum for the participants to share knowledge and expertise as well as an opportunity to re-connect and re-ignite. It will also be a platform for delegates to increase engagement and communication with the biomedical industry partners.

We have included some new topics which have not been discussed in the past years and hope the 2023 ASC will be stimulating and educational to all our private medical practitioners.

We look forward to you joining us for the conference.

Dr Ong Chun Chiang
