Message from the Chair of the Organizing Committee

The year 2020 has been an extremely challenging one, not just for medical practitioners but also for everyone in Malaysia and the rest of the world. The unprecedented COVID-19 pandemic that struck our globe with such disastrous effects does not seem to wane in any sense. Hopefully with the fast-track vaccinations in progress, life may just return to near normal or rather new normal in the near future.

The PMPASKL had postponed its 60th Annual Scientific Congress thrice over the past year. We hope to bring this to fruition on 9th & 10th October 2021 on a virtual platform. Life has to go on. Our continuing professional educational activities have to proceed. Our members are calling out for new information and developments that can help them in their daily practices. We hope to provide the best forum for our members to update their knowledge and skills and that you will find our upcoming Annual Scientific Congress stimulating and interesting.

Please do not hesitate to contact us if you have any burning issues or suggestions that can help improve our Congress. We, the PMPASKL Executive Committee, look forward to welcoming you to this year's virtual Annual Scientific Congress.

Ho Shu Nam
Chairman
Organising Committee

9th October 2021 (Saturday)
